By building partnerships that are focused on student safety, continuous improvements and quality of service, the SCSTC manages the system that transports eligible students to and from school, safely, on time and ready to learn.

ON-SITE SCHOOL BUS RIDER SAFETY TRAINING FALL 2019

The On-Site School Bus Rider Safety Training provides training to all elementary aged students on appropriate behaviour and safety measures while riding a school bus – supporting all students, including those students that do not receive home-to-school transportation but may access busing for field trips/athletics. For the 2019-20 school year, the

Ministry of Education (MOE), has identified funding will be provided to school boards to support this safety training for up to 50% of a board's elementary students. The other 50% of

students were provided this training during the 2018- 19 school year. For additional information, please visit our website and click on the safety tab!

SCHOOL BUS EVACUATIONS—WEEK OF OCT 21, 2019

School bus drivers will be educating students on how to safely evacuate a school bus in an emergency situation.

Training will include how to evacuate the school bus safely using:

- the front door;
- the rear door;

- the front and rear doors simultaneously;
- other evacuation options.
